

Even if it seems like work, at first, it will pay you to add to the list of your daily habits, that of reading about all of the want ads.

# THE SALT LAKE TRIBUNE

There Have Been About as Many Women Maimed and Hurt at "Pink Teas" as At "Bargain-Counter Crushes."

10 PAGES—LAST EDITION.

WEDNESDAY, NOVEMBER 1, 1905, SALT LAKE CITY, UTAH.

FIFTY-SIXTH YEAR.

## EVERYTHING NOT SERENE IN RUSSIA.

Mobs of Rioters Have Broken Loose in Various Parts of the City of Odessa.

HUNDREDS PERSONS KILLED.

At the Town Hall Red Flag Demonstrations Charged by the Cossacks.

JEWISH QUARTER OF KIEFF SACKED.

Conflicts Between Populace and Soldiers Frequent in Warsaw—Minsk Prison Stormed.

London, Nov. 1.—A dispatch to a news agency from Odessa says mobs of rioters have broken loose in various parts of the city and have been in conflict with the hands of students, resulting in much bloodshed. It is estimated that fully a hundred persons have been killed.

The governor-general of Odessa, Gen. Kaulbars, today again called out the patrols which yesterday were taken off the streets.

The foreign consulates and government and municipal buildings are guarded by troops.

There was a full in the fighting at about 3 o'clock, but the people are panic-stricken, fearing another eruption.

CONFLICTS WITH COSSACKS.

Odessa, Nov. 1.—(noon).—Conflicts between Cossacks and students continue.

During the fighting between rioters and Jews in Dalmitskaya street last night 37 persons were killed and 81, seriously wounded, were taken to the hospital.

The news that Russia had been granted a constitution continued to create enthusiasm until a late hour yesterday. All work was suspended and the streets were thronged with cheering crowds. At the town hall red flag demonstrations were charged by Cossacks who caused their horses to trample on the people. The number of persons injured was small. There was considerable pillaging during the night on the outskirts of Odessa, which the students who organized themselves into a city guard tried to prevent. A most serious clash took place at the university where students were haranguing the crowds. Cossacks charged, using their rifles, lances and whips, killing 10 and wounding 50 persons. The Cossacks also broke the windows of the buildings with the lances and some students were driven into the court yard and were whipped by the Cossacks and police. One of the students was beaten by 30 policemen. His jaw was broken. Another student was taken to the hospital where it was shown that he had 140 whip stripes on his body.

TOWN HALL SEIZED.

Kieff, Russia, Nov. 1.—The populace seized the town hall yesterday and revolutionary speeches were being delivered to the crowd from the balcony when the Cossacks appeared. Some of the people inside the building were killed and many were wounded. The Cossacks finally routed the crowd and captured the building. After dark the Jewish quarter was sacked.

The bodies of five persons killed and 45 wounded people were removed from the town hall.

The Cossacks, while passing the office of the Okhrana, a liberal paper, fired three volleys at the building.

DISORDERS IN WARSAW.

Warsaw, Nov. 1.—Disorders continue throughout the city. Conflicts between the populace and soldiers are frequent. The authorities are charged with ignoring the imperial will and general depression prevails everywhere. There is a complete deadlock in business and traffic. Even the employees of the drug stores have again gone out on strike.

The streets and squares are full of troops. The people are attempting to organize street meetings, but they are promptly dispersed by bayonet charges. A meeting of the Vienna railroad employees at noon was broken up by the police.

Crowds are flocking to the cemeteries on the occasion of "all Saints' day." The workmen have organized an anti-government demonstration at the Powskiewsk cemetery.

PRISONS STORMED.

Minsk, Russia, Nov. 1.—Crowds in an attempt to storm the prison here yesterday were beaten off by Cossacks, who fired several volleys at the mob.

Many persons were killed or wounded and many more were beaten with whips. The doctors' residences were transformed into hospitals.

QUIET IN ST. PETERSBURG.

St. Petersburg, Nov. 1.—A light fall of snow covered the city with a white mantle during the night, but the weather is becoming colder.

A drizzling rain helped to put a damper on the ardor of the crowds already exhausted by the demonstrations of yesterday.

Trepoff's warning to the manifestants that he will use emergency measures to prevent disorders, coupled with the reappearance of patrols of horse and foot soldiers also exercised a restraining influence and the agitators experienced difficulty in again rousing the proletariat. Many strikers among the railroad men are ready to return to work and those in favor of continuing the struggle have difficulty in holding the majority. The students and social democratic leaders who continue to declare that only a democratic republic will suffice, are using every means in their power to keep up the enthusiasm and drive the people into armed insurrection with the troops. A score of big meetings were announced for today.

OFFICIAL THANKSGIVING.

An official thanksgiving service was announced to take place at the Kazan cathedral at 3 o'clock this afternoon.

The news from the provinces shows that the whole empire must have been

plunged into great excitement yesterday. Everywhere the announcement of the issuing of the manifesto granting Russia a constitution aroused the people to high pitch of enthusiasm. But everywhere the populace was divided into two camps as in St. Petersburg, those who accepted the boon of freedom with intense joy and who are now denominated loyalists, and the extreme radicals, under the leadership of the students, Social Democrats and revolutionary organizations who used the opportunity to preach the complete overthrow of the government. Clashes and sanguinary encounters occurred at many places. In some towns the mobs obtained control and the authorities were forced to obey their demands for the release of the political prisoners. This was the case at Ryekestov, Cossacks were turned loose and beat the crowds at Kazan, Kishineff, Kief and other places.

WOUNDED FILLS HOSPITAL.

Tver, Russia, Nov. 1.—During the rioting here yesterday, the governor and mayor with the aid of the city employees barricaded themselves inside the city hall to prevent the progress of the mob which had gathered outside the building. Dragons were summoned to the rescue, but they were fought off by the mob which set fire to the building. The troops eventually obtained the upper hand. The hospitals are filled with wounded.

SEVEN PERSONS KILLED.

Vitebsk, Russia, Nov. 1.—Troops were employed to disperse red flag demonstrations here yesterday. Several persons were killed, among them being two Jews. Many persons were wounded.

Representatives of the Social Democrats appeared before a special session of the council and presented a demand for the withdrawal of the military.

Elizabethgrad, Russia, Nov. 1.—The crowds here yesterday turned on the Jews and plundered their stores.

Riotous Students Discharged.

Chicago, Nov. 1.—The 16 riotous students of the Chicago Dental college who raised a disturbance last week and packed the nerves of hundreds of patients in the surrounding hospitals, were discharged without punishment yesterday by Justice Chott.

"My only reason in dismissing you is the fact that you are a good student," he said, "and would, therefore, be a credit to your profession in this state," he said.

A fine, therefore, would be a more severe penalty than I would care to impose."

Big Fire in Pensacola.

Pensacola, Fla., Nov. 1.—Fire broke out yesterday in the Principal block on Palafox street, between Gardner and Roman. When the fire was at its height there was a loud explosion of powder and ammunition which blew out the windows of the building.

In the property burned were the largest stores in the city, together with the Osceola club quarters. Loss \$250,000.

OLD UNION FLAG STRUCK THROUGHOUT SWEDEN.

New Flag Was Hoisted to the Accompaniment of Salutes, Ringing Church Bells and Parades of Troops.

Stockholm, Sweden, Nov. 1.—The old union flag was struck throughout Sweden this morning and the new flag hoisted to the accompaniment of salutes, the ringing of church bells and parades of troops. In Stockholm the whole garrison paraded and most of the population thronged the streets. At 9 o'clock the flag flown by Sweden before the union with Norway was lowered by the union with Norway.

Similar ceremonies took place in all the cities and every schoolhouse in the country had its demonstration, the children gathering outside and saluting the flag.

RUSSIAN CRUISER LENA.

Sails From San Francisco for Vladivostok.

San Francisco, Nov. 1.—The Russian cruiser Lena sailed at noon yesterday for Vladivostok.

RAILROAD FREIGHT RATES.

Senator Warner Believes in Government Control of Them.

Kansas City, Mo., Nov. 1.—"In regard to the controversy now before the American people in regard to the regulation of railroad freight rates, I believe in legislation that will give the interstate commerce commission, or some similar body, the power to fix a maximum freight rate in cases where disputes arise; and I believe in vesting that same tribunal with the power to enforce that rate."

In the foregoing words Senator William Warner made his first public announcement last night that at the coming session of Congress he will stand with those who support the plan favored by President Roosevelt for the regulation of railroad freight rates. Senator Warner's announcement was made at a meeting of the Kansas City Chamber of Commerce, and the local Republican organization of which he is a member. Senator Warner, in his speech, led no doubt in the minds of his hearers as to his earnest support of the policies of the president.

"I am fortunate in this that I enter the senate as the personal and political friend of your personal and political friend, President Roosevelt; and upon the main issues now before the American people I stand with the president."

"I am not a pessimist," said Senator Warner. "I have no patience with those who cry out against the accumulation of wealth. But I believe there should be a limit upon the getting of wealth—that limit is reached when wealth is accumulated unlawfully. Today there are trusts that arbitrarily fix rates and prices, stifle competition and strike down the opportunities of your sons and mine. Such trusts are one of the evils of the age. And I do not believe it a compensation for wealth wrongly acquired to give it principally to the charities of the country."

Missionaries Reported Murdered.

Hongkong, Nov. 1.—Five American missionaries have, it is believed, been murdered at Lintchow. Details of the affair have not yet been received.

Lenchow is a town of 12,000 people, situated in the western portion of the province of Kiangsi, about 100 miles from the gulf of Tonkin, not far from the treaty port of Fokoh.

## NEW TURN IN THE SUIT CASE MYSTERY.

Morris Nathan's Attorney Hopes To Show That Miss Geary is Alive and Well.

HE EXPECTS TO PRODUCE HER

Some Members of Girl's Family Are Not Satisfied That the Kings Belonged to Her.

Heaven, Oct. 1.—Pending the arrival of Morris Nathan, who left Pittsburgh last night for Boston, it was believed here today that no arrest of physicians would be made in the suit case mystery until after the police officials had had an opportunity of questioning the young man. The statement of Atty. Siskind, representing Nathan, that he hoped to show that Miss Geary is, in fact, alive, and that he expected to demonstrate this by producing the young woman, created something of a sensation in the police circles. The statement of the attorney was read with peculiar interest in Cambridge where the Gearys live, because of the fact that some of the members of the Geary family are not certain that the rings found upon the hands of the victim were those of the girl, and the statement suggested Nathan's possible defense and emphasized the necessity of the commonwealth proving positively that the dismembered parts of the body in the suit cases, the hands being missing, were portions of the body of the Geary girl.

INTERROGATING CHURCH GIRLS.

Pittsburg, Pa., Nov. 1.—The examination of the members of the "Shepherd King" theatrical company in reference to the Winthrop dress suit case mystery and Morris Nathan's connection with the case was resumed today by the Pittsburg authorities. The persons being interrogated are Miss Marie and Miss Warren, chorus girls; Stage Manager Forest and Asst. Stage Manager Brown.

A HALLOWEEN PRANK MAY END SERIOUSLY.

While Playing Hold-up Frank Wright Shot Cleveland Hood Just Above The Heart.

Chicago, Nov. 1.—Halloween proved serious in the residence of William Hood last night.

Cleveland Hood, a 13-year-old son, was shot during a game of "hold-up" by Frank Wright, a boy of the same age. Young Hood was shot just above the heart. He was taken to the hospital, where an operation was performed, and it was reported that the outcome of the wound was in doubt.

The shooting was accidental. The revolver belonged to Mr. Hood, and the boys did not look to see if it was loaded.

Henry Cannon and Harold Tully, two other boys, were dressed as girls, and a street scene was acted out, where the robber steps from a dark alley and cries: "Hands up or you are a dead man."

Wright was playing the part of the robber. Hood and the masquerading girls were the victims. All went well and Hood showed the proper amount of fright when he found himself looking into the muzzle of a revolver.

As he was muttering out some fanciful stage talk his fright became a reality, for the "empty" revolver was discharged and the boy sank to the floor.

Wright was taken to the police station, but was released later.

EXPERTS MAKE REPORT ON EQUITABLE LIFE AFFAIRS.

New York, Nov. 1.—The expert accountants employed last Friday by President Morton of the Equitable Life Insurance company, have completed the work and turned in their report. The findings of the accountants are said to have surprised even those who expected the discovery of conditions not touched upon by the Prick committee, the Hendricks investigation, the New York commission.

The report will be made public by President Morton, after the next meeting of the directors in the latter part of this month.

William H. Truesdale and John Auchincloss, of the committee appointed by the Mutual Life to investigate the affairs of that company, held a conference yesterday, but at its close were claimed that it was possible to beat the machine.

Stuyvesant Fish, who has been mentioned for the place, spends much of his time in Chicago and New Orleans, attending to the affairs of the Illinois Central railroad. It is feared that he will be unable to accept a place on the committee. Another meeting will be held today.

Testing a Voting Machine.

Chicago, Nov. 1.—A dispatch to the Tribune from San Francisco, Cal., says: The voting machine to be used at the coming municipal election Nov. 1, was given a test before a committee representing the fusionists as it had been claimed that it was possible to beat the machine.

A linotype operator on a newspaper showed that by placing a small rubber band in a certain place near the name of the fusion candidate for mayor the machine would not register for the mayor, though it would for all the other candidates.

An expert representing the machine company and half a dozen newspaper men were unable to make the machine register while the rubber band was in place.

Big Trade Increases.

Chicago, Nov. 1.—Wholesale trade and manufacturing industries in volume of business have increased 20 per cent for the year ended yesterday, 21 over the record of the preceding 12 months and 100 per cent over 10 years ago. In five years they have trebled. The figures were obtained from the public report of the Chicago Commercial Association. In many lines the percentage is even higher than that recorded in the foregoing tables, notably in clothing and in boots and shoes.

but 20 per cent has been taken as a conservative basis. Including all branches of trade.

The increase in business in the last year is regarded as the more remarkable in view of the big summer strike during the summer. It is considered that this reduced the increase by at least 5 per cent.

Race for the Canada Cup.

Toronto, Ont., Nov. 1.—The Royal Canadian Yacht club will insist upon a race for the Canada cup next year, the trophy being a challenge to the challenge of the Canadians departed at racing next summer on the ground of expense and suggested that the next race for the cup be held in 1907.

The sailing committee of the Royal Canadian Yacht club met yesterday and passed resolutions insisting upon a race for the cup next summer.

STOPPED AUTOMOBILE.

An Evanston, Ill., Policeman Shot the Tire Off.

Chicago, Nov. 1.—The Evanston policeman who stopped an automobile by shooting its tire will not have to stand trial in the criminal court. Policeman Arthur Johnson told the grand jury in bonds of \$500 by Justice Cochran on July 25, was notified last night that no bill will be returned against him.

M. H. Cartwright of Chicago, who was speeding through Evanston, caught Johnson's car, and, in the confusion, with a deadly weapon and Justice Cochran criticized the policeman for the shooting.

The grand jury decided Johnson's offense was not sufficient to warrant an indictment.

INVESTIGATION OF DEATH OF MRS. MARGARETTA TODD.

New York Authorities Will Begin a Most Searching One—It is a Remarkable Case.

New York, Nov. 1.—No doubt remains that the New York authorities will at once begin a searching investigation of the mystery of the tragic death in Philadelphia of Mrs. Margaretta Todd, said the World.

Coroner Dugan of Philadelphia, has written to the coroner of New York City for aid in his investigation. His letter, mailed yesterday afternoon, will reach Coroner Schoer this morning.

I shall leave no time in getting to work on the case," said Coroner Schoer to a World representative last night. "Immediately upon receiving the Philadelphia coroner's letter I shall call upon Dist. Atty. Jerome and Police Commissioner McAdoo to ask their assistance."

"Then I shall order the removal of Mrs. Todd's body from the receiving vault in Woodlawn cemetery. My physician, Dr. O'Hanlon, will make an autopsy, and the dead woman's stomach will be sent to the College of Physicians and Surgeons for analysis. We do not want another Patrick case in this city."

Today, the secretary of the authorities have requested my co-operation," continued the coroner. "I can act in the matter. While the Philadelphia authorities will strive to trace the movements of the woman in their city between the hour of her arrival at the Reading terminal and the discovery of her mangled body on the Reading tracks, I will look after the probable motive of a crime, if one has been committed."

Here in New York several new and significant details were brought to light yesterday.

James H. Smith, the cabman, who drove Mrs. Todd to the East Twenty-third street ferry last Friday, remembers that a strange man spoke to Mrs. Todd as she left the cab and went with her to the ferry.

The absolutely new figure in the perplexing case.

Another new element was added to the case, when, after all the legal steps had been taken, the case was filed in the surrogate's court, there was filed in the surrogate's office late yesterday two deeds, signed by Mrs. Margaretta Todd. She transferred in one deed to her daughter, Mrs. Robert Todd, a portion of her real estate in 29 West Twenty-sixth street. The property is appraised for taxation at \$85,000.

The other transfer is one made by Mrs. Todd to Margaretta Todd of a parcel of land on the south side of Ninety-seventh street. The transfer price named is \$15,000.

Mrs. Todd is a daughter of Mrs. Todd's first husband by a former marriage.

No one could be found who could explain the mystery of these two transfers, nor could any one explain how the property said to be held by an attorney.

CASTRO MUST HURRY.

Next Twenty-four Hours Will Tell Whether He Must Apologize.

Chicago, Nov. 1.—A dispatch to the Tribune from Washington, D. C., says: The next 24 hours will determine whether Castro shall apologize to France for the severance of relations with M. Taigny, the French charge d'affaires in Caracas, or whether the French fleet assembling at Martinique shall be ordered to make a demonstration in Venezuelan waters. It is the confident expectation of the authorities here that a peaceful settlement of the dispute will be arranged.

See, too, that he has been acting in the role of mediator in a manner that has won the sympathy of Castro and the approval of the French government. He has induced France to tone down the terms of the demands which it made upon the Venezuelan president.

When the difficulty adjusted it is probable that M. Taigny will be granted a leave of absence, but the French authorities will not approve of an application for leave if there exists in Venezuela a disposition to intensify his departure as a sign of weakness.

VENEZUELAN MATTERS.

Ambassador Jusserand Confers With President About Them.

Washington, Nov. 1.—Ambassador Jusserand had a talk last night with the president about Venezuelan matters. It is believed that the French government is not entirely satisfied with the progress of events in Caracas and especially at the lack of success up to this time of Mr. Russell, the American minister, in his efforts to induce President Castro to withdraw his last note practically dismissing M. Taigny, the French charge d'affaires in Caracas. It is impossible to obtain any official statement from the French government as to the situation, but it is learned that the French government does not feel justified in countermanding the orders already issued for a French fleet to assemble at Martinique ready for evacuation in case the French demand is not met in a proper spirit.

## LAKE WATER IS HEAVY WITH SALT.

Steady Shrinkage Has Caused It To Become Thoroughly Saturated With It.

A MOST INTERESTING EXHIBIT.

Fish Duck Shot This Morning, Whose Breast Was Encrusted With Saline Crystals.

Capt. D. L. Davis is exhibiting today, a feature in Great Salt Lake phenomenon that is of most remarkable interest. It is in the shape of a fish duck shot this morning, near Saltair, and whose entire breast is encrusted with salt crystals.

Capt. Davis says this fish has never happened before, and is a sure indication that the waters of the great lake have reached, in the steady shrinkage that has been going on for the last 15 years or over, a point of saturation, that is, the point where it will dissolve no more salt.

The salt crystals accumulated on the fowl in this way: In the past, as a water fowl would rise from the water, the same would roll off in drops, leaving the feathers clear. But now, the water is so intensely salt and sticky that the water volatilizes instead of falling off, leaving the salt crystals behind, attached to the feathers of the bird.

Capt. Davis says the only way the bird can get rid of the salt is by shaking it off in fresh water. He also states that for some little time past salt crystals have been gathering on haw-eaters and on the bottoms of boats, and it is his belief that the lake water is now over 20 per cent solid matter. What it will be in the case of further shrinkage can be readily conjectured. For the first time in the known history of the Great Lake it has reached this point of saturation, and will now precipitate salt instead of holding it in solution.

STANDARD OIL CO.

It Has Entered the Trans-Pacific Freight Trade.

San Francisco, Nov. 1.—The Standard Oil company has entered into the trans-Pacific freight trade and is making a bid for the commerce of the coast. Henceforth, the company's carrying steamers will also be freight carriers.

The steamer Dakota, owned by the Standard Oil company, will be due here next Saturday from the Orient. She is bringing a cargo of general merchandise from Japan. The Dakota will discharge her cargo here and will then return to Japan with oil.

The steamers Apalachee and Winnebago will follow the Dakota.

"MRS. WARREN'S PROFESSION"

Case Against It in Police Court Adjourned to Nov. 9.

New York, Nov. 1.—The case in police court against Mrs. Warren's Profession, the George B. Shaw play which was stopped yesterday by Police Commissioner McAdoo was adjourned today until Nov. 9, on account of the near approach of the election.

The assumption was made by the court that the play would not be given during the period of adjournment.

LOUIS OF BATTENBERG

LANDS AT ANNAPOLIS

Received With Due Honors—Naval Spectacle Was Most Brilliant Ever Seen in Those Waters.

Annapolis, Md., Nov. 1.—Prince Louis of Battenberg, the bearer of a special message from the monarch of British empire to the president of the United States has set foot on American soil and has been received with honors due his rank and mission by Admiral Sigsbee, superintendent of the navy, and Gov. Warfield of Maryland.

The joint fleet of American and British war vessels is lying in Annapolis Roads, forming by far the most brilliant naval spectacle ever seen in these waters.

The British vessels dropped anchor off Annapolis at 10:20 this morning. The national and other salutes required by the occasion were exchanged, and after an hour of formalities, just before noon, came ashore. He was accompanied by Capt. Ryon, naval attaché of the British embassy at Washington, who has joined the fleet here, and Admiral Sigsbee, superintendent of the navy.

Standing on the wharf to receive them were Admiral Sigsbee and his aide, Lieut. Commander Thomas P. Maguire, and immediately behind them, the British naval band, playing the national anthem.

The visiting party stayed at the superintendent's residence for a quarter of an hour and then drove to the government house, where they were received by Gov. Edwin Warfield.

EARLY SETTLER DEAD.

Mrs. Emma Jane Timmins Called Hence At the Age of 78 Years.

Mrs. Emma Jane Timmins, a resident of Utah for nearly 40 years, died yesterday at her home in Wilford ward, at the age of 78 years. She was born in a native of England, having been born in Staffordshire, Dec. 1, 1827. She crossed the plains in 1867, and was shipwrecked in this valley when it was little more than a wilderness and anything but inviting to those seeking the comforts of home. However, by her fortitude and perseverance Mrs. Timmins overcame all obstacles and lived long enough to enjoy the fruits of her labors. The funeral will be held from the Wilford ward house Friday, Nov. 3, at 12 o'clock noon. Friends are invited.

WATER WANTED.

Numerous Applications Filed With the State Engineer.

The following applications were filed today with the state engineer for water: By Thomas B. Parker of American Fork, for three sec. ft. from the Green river in Wasatch county, for irrigating 160 acres; By Ellis Preston of American Fork, for three sec. ft. from the Green river in Wasatch county, for irrigating 160 acres; By Moroni Fisher of Vernal, for 30 sec. ft. from the Green river in Wasatch county, for irrigating, with diverting canal, 31,130 ft. long; by Horace Wiley et al., of Vernal, for 20 sec. ft. from the Green river in Utah county, for irrigation of 4,885 acres, with diverting canal, 58,190 ft. long; by the Green river Irrigation Co., for 10 sec. ft. from the Green river in Utah county, for irrigating 1,000 acres, with diverting canal, 68,600 ft. long.

GERMAN METHODISTS

Must Wait Before They Can Form Foreign Missionary Society.

New York, Nov. 1.—German Methodists will have to wait a few years more for the formation of a German branch of the Foreign Missionary Society. After a long and very earnest debate yesterday the motion to amend the constitution so as to author-

ize the organization of a German branch was lost. Miss L. C. Rothweiler of Newport, Ky., corresponding secretary for German work, came to New York armed with figures to plead the cause of the German colony.

"Seventy-five per cent of northwestern ministers and 82.50 per cent of the membership in the northwestern conferences favor a German branch," she urged.

"If we form a German branch," objected Mrs. Johnson of California, "we shall soon be asked to form a Scandinavian branch, Chinese branch and a Japanese branch."

"The result of this action is all away from separation of the races," said Mrs. W. B. Thompson of Iowa. "Separation is un-American."

Some of these votes may have been "laid back," suggested a Minnesota delegate, referring to Miss Rothweiler's figures.

"And has not a good deal of pressure been brought to obtain these votes?" suggested another delegate.

This brought Miss Rothweiler to her feet again in indignation. "These figures are just as I received them," she returned, "and nobody can say that I have done anything to influence votes."

When the votes were counted it was found that the motion was lost by default with only 22 out of the necessary 27, 36 votes having been cast in all. A delightful feature of yesterday was the presence of Bishop Andrews and Bishop Fowler.

I congratulate you," said Bishop Andrews, "on the wonderful news in this morning's papers. The ear has opened the door to liberty—that means that Methodism may work freely in Russia."

"The Lord bless you and double your receipts," was part of Bishop Fowler's message. Rev. Dr. George H. Smythe, minister at large of the Methodist board of foreign missions for the Pacific coast, also spoke.

STANDARD OIL CO.

It Has Entered the Trans-Pacific Freight Trade.

San Francisco, Nov. 1.—The Standard Oil company has entered into the trans-Pacific freight trade and is making a bid for the commerce of the coast. Henceforth, the company's carrying steamers will also be freight carriers.

The steamer Dakota, owned by the Standard Oil company, will be due here next Saturday from the Orient. She is bringing a cargo of general merchandise from Japan. The Dakota will discharge her cargo here and will then return to Japan with oil.

The steamers Apalachee and Winnebago will follow the Dakota.

"MRS. WARREN'S PROFESSION"

Case Against It in Police Court Adjourned to Nov. 9.

New York, Nov. 1.—The case in police court against Mrs. Warren's Profession, the George B. Shaw play which was stopped yesterday by Police Commissioner McAdoo was adjourned today until Nov. 9, on account of the near approach of the election.
